## Principal's Message

Dear Student,

You have now almost reached the first milestone in your life. We say almost because the twelfth standard will determine your future career, the choice is yours, all the reason more why you should look inward & chart a proper course to reach your goal.

The Education Board has prescribed a challenging Syllabus for Std. XII. Many topics & innovative ideas are incorporated in this syllabus. Students will be under the tremendous pressure to understand the new concepts.

It is here that we would like to step in by providing the right coaching. We are staking our claims to be your coach, as Pinge's Tuition Classes have had the privilege of being the pioneering coaching Institute in the city & the country. We are therefore entitled to tell you in all humility that our 79 years in the coaching institute, founded by the late Prin. M. M. Pinge have equipped us with the rare insight into the students' emotions, as they struggle to find a place in the sun through a variety of constraints, including the efficient management of a limited time at their disposal.

We have a team of very experienced & dedicated Professors who can instil confidence in the students. Many ambitious & intelligent students have taken advantage of professional expertise of our faculty & some have even figured in the Board merit list.

We would earnestly request you to join the Vacation Batches after the XI standard examination. Since around 60% of the portion is covered in the May Vacation itself, students have revision of the syllabus when the College reopens in June. Vacation Batches are then conducted 4 days in a week & holidays & the syllabus is completed in Diwali vacation.
